**SAT, APR 30, 2022**  
10AM-5PM

**FUSE activities & all Museum  
exhibitions, Dome Planetarium  
& Giant Screen Theater  
FREE & Open to the Public!**

## **Bradley's FUSE brings Award-winning Interactive Design & High-Tech Fun to Peoria Riverfront Museum!**

Bradley University's annual "FUSE: Play • Watch • Interact" experience takes place throughout the museum. All FUSE activities are free and open to the public. Entry is free to all museum exhibitions, the Dome Planetarium (featuring the world's most advanced planetarium system) and the Giant Screen Theater (Illinois' largest screen).

The interactive FUSE show gets its name from a fusion of art and technology and is intended to engage visitors of all ages with artists and developers, as well as the latest hardware, innovation and applications.

### **THE FUSE EXPERIENCE**

#### **Video Showcase**

The Giant Screen Theater is the only place in Peoria to see a custom, Bradley-designed Compendium Reel featuring current work from award-winning Interactive Media students. The high-resolution video previews departmental projects and the senior Animation students' capstone films.

#### **Creativity Up Close & Personal**

Stop by and chat with our Interactive Media majors. We love sharing our work and enthusiasm and we'd be honored to meet you. The Interactive Media department's Junior and Senior classes will be on hand to display the work they have created.

#### **Catapult Projects**

Groups of students developed, designed, programmed and engineered these original concepts. This exhibit offers unique opportunities to watch and interact with the projects and the learn from students who made them.
