

From Pencil to Mouse Forty Years of Graphic Design

Forty years after an Iowa boy moved to Chicago to pursue his design dream, a book was born.

Join us in a lively conversation between Peoria's own Ed Sutkowski and Chicago Designer Kerry Grady as they explore the stories, inspirations, and challenges of Kerry's lifelong pursuit to uphold timeless design principles over four decades of continuous change.

This main event will include a collection of Kerry's wide-ranging design work presented on the Peoria Riverfront Museum Giant Screen.
